Activity 3–Review a Book

1. Have a discussion about what a review is and why they are created and used by people.
2. Ask students to select a book from the exhibition, and tell them that they will review the book for the website.
3. Ask them to answer the following questions:
   
   • What did you like about this book?
   
   • What did you not like about this book?
   
   • How would you change this book if you could? Would you have a different ending? Would you add a new character? If you could do anything to this book what would you do?
   
   • What is one new thing that you learned about the Earth by reading this book?
   
   • Would you recommend this book to a friend?
   
4. Have students orally present their reviews to each other
